

Driving a difference

Keppel Group

With a global footprint in more than 30 countries, Keppel leverages its international network, resources and talents to grow its key businesses in Offshore & Marine, Property and Infrastructure.

Today, the Group is the global leader in the design and construction of mobile offshore rigs and a forerunner in providing environmental solutions.

Mr Choo Chiau Beng, CEO of Keppel Corporation, will give an overview of the Keppel Group. He will also share the Group's experience and years of partnership with the Netherlands through its strong ties with TNO in researching environmental engineering solutions and the Keppel Verolme shipyard in Rotterdam.
